

prior_hessian::Multivariate
NormalDist::check_params_iter

```
graph LR; A[prior_hessian::Multivariate  
NormalDist::check_params_iter] --> B[prior_hessian::Multivariate  
NormalDist::check_sigma]; A --> C[prior_hessian::Multivariate  
NormalDist::num_params];
```

The diagram illustrates a function call sequence. A central box on the left, labeled 'prior_hessian::Multivariate NormalDist::check_params_iter', has two arrows pointing to the right. The top arrow points to a box labeled 'prior_hessian::Multivariate NormalDist::check_sigma', and the bottom arrow points to a box labeled 'prior_hessian::Multivariate NormalDist::num_params'.
